

2017 was a very good year
by Club 'Prez' Del Paone

Classic Plastic Model Club celebrated our 25th anniversary Model Exhibition in October, which was one of our best shows to date. Also this year we welcomed a handful of new members, all of whom seem to be very enthusiastic with interests in multiple model building areas such as cars, trucks and occasionally military subjects. We'll also welcome a long time club member (one of the founding members) back to building. Art Paquin, our treasurer and newsletter editor retired at the end of the year and has plans to get back to building again. A long time career involving a lot of travel forced Art to put the hobby on the back burner but now he's back. I hear that Art was quite a builder before I joined the Classic Plastic ranks.

We had our own club Christmas party at Lenzi's Millhouse in Dracut on December 16th. As usual, everyone was in the spirit, especially my daughter Robin and Art's wife Marie, the dinner and our club members, all with different personalities, made it a memorable time. Could you imagine how boring it would be if we all had the same personality and beliefs? Thank God we have some real characters in this group.

In 2017 a small group of builders have evolved into some of the front line builders in our club. I'm not thinking about some of the obvious members like Pete 'The Wiz' Wisniewski, Mr. Prestigious Barry Fadden, Paul 'Alphabet' Anagnostopoulos, the Denza's and Scott Ridley, who all build at the highest levels, but specifically I've had my eye on three members that fit this category...Guil Rosa, Mike Siesicki and Luis Sanchez.

Guil joined our ranks a few short years ago, never having built a model and thinking he needed to pursue a hobby of some kind. Well, his talent and willingness to stick to a project have made him a top builder. Also, his sense of humor has blossomed over the years.

Mike Siesicki had been building long before he joined the club, but, having looked and listened to some of the more accomplished builders in our club, you can see the obvious progression in his projects. Mike is now more willing to try certain techniques that he was reluctant to try previously. Mike is also recently retired making the time necessary for the hobby and Road Warrior trips to other shows.

Last but not least, Luis Sanchez, who joined the club not too long ago, is a very accomplished modeler who will try anything to enhance his builds. Recently Luis has had medical problems which appear to be under control having attended the December meeting with two Show-N-Tell subjects. A great innovator, we all hope the best for Luis and that he continues to excel and innovate with his builds.

One last thing; I'd like to thank all the club members that donated to the US Marine Corp Toys-for-Tots program, with special thanks to Joe and Tammy Baril for shopping for all the toys that we hope will make this Christmas very special for many local kids.

Well, I've blabbed on long enough...I gotta leave room for other members thoughts. I hope 2018 is good year for all in more ways than one.

Buona Fortuna, Del

Good news to share
By Guil Rosa

I found good news on-line about Tamiya and I would like to share it with club members. I learned from an Australian blog called 'Motosport Modeller' that Tamiya is releasing its Lacquer paint line in little bottles so people like me, who love their lacquer paints and like to use them with an airbrush, won't need to decant the paint from the can. That's great news, isn't it? Cheers! Guil

Unfortunate news to share

by Newsletter editor Art Paquin

For those of you that may not yet have heard, long time club member Jon Talcott passed away on Saturday December 9th while under medical care at the Bedford MA V.A. hospital. Jon will be remembered as a generous person who specialized in Emergency Vehicles, especially those painted with the official Massachusetts State Police official grey/blue color scheme. Until his illness rarely did Jon miss a club meeting. Ever thoughtful, Jon would always offer up at cost (even if the cost was from twenty plus years ago) a kit he had in his extensive collection for a club member in need. Jon was truly a character, a good man and will be sorely missed by our club. In the 1990's you were not an official club member unless you'd have been 'belly-bumped' by Jon at some point during a meeting or show. May you rest in peace good friend.

I'd like to thank club member Bill Murphy for so dutifully staying in contact with and visiting Jon during his medical issues the past few years. Bill was the information link that kept Jon informed and active with the club.

Another sad and unfortunate loss occurred recently when Joyce Arcand, mother of CPMC founding club members Dana Benoit and Dwayne Benoit, passed away on Tuesday December 5th after a long illness. Club members pass on our heartfelt sorrow for their loss and hope for solace and better times ahead for Dana, Dwayne and their family. Having met Joyce many years ago I can attest to her kindness and gardening prowess. I know she will be missed by her boys.

Thanks,
Art

An email from Kelly Daniel

by Newsletter editor Art Paquin

Recently I received an email from Kelly Daniel regarding the new Tom Daniel website, as follows:
Hey guys,

I'm showing off the new Limited Gold Seal Edition 50th anniversary art prints of the iconic Red Baron & Beer Wagon by legendary car and hot rod designer Tom Daniel.

Tom Daniel's now classic designs have influenced so many customizers today, I'm sure you remember the 'Munster Koach' and grandpa's 'Drag-U-La' coffin car plus so many others like the 'Cherry Bomb', 'Paddy Wagon', 'S'cool Bus', 'Sand Crab', 'Pie Wagon', 'Thunder Bug', 'Roarin' Rail', 'Dragon Wagon', 'Tijuana Taxi', 'Mean Maverick', 'Ice-T' the 'Trantula' and more.

Be among the first to get a part of the Golden Age of Show Rods, order today and please tell all of the old school hot rod and show rod enthusiasts you know, these are available at www.tomdaniel.com

Grab a Piece of Automotive History!

2017 Toy for Tots collection

by Joe Baril

Hi everybody. During the holiday season what better way to make a difference than to donate to the U.S. Marine Corps Toys for Tots program.

This year our club really came through and donated a total of \$675 from collections made at both our November and December meetings.

My daughter Tammy added a \$25 gift card to make it an even \$700 for shopping. She also used her 20% off total purchase at Target, had an additional 5% off for using her Target charge card, and had some additional savings at Toy R Us. With the \$80 (for the first bike and 3 other toys) she and I had purchased prior to the collection, we ended up with all the toys you see in front of the Christmas tree (displayed in front of the tree just for the photo on the right). Oh what a feeling, knowing all these presents will be going to those less fortunate children.

Once again we selected the Chelmsford MA police department's annual collection event, held on Sunday December 10th at the Chelmsford Drum Hill Walmart, to donate our toys. Our hats are off to the fine officers that give up their time to stand out in the cold all day long to collect donations for needy children.

Thanks to all who donated! Joe

My First L.I.A.R.S. Show

By Mike Siesicki

I had an opportunity to attend this show with the Classic Plastic Model Club Road Warriors and I'm glad I went because I had a great time! Lots of laughs, great people, great food, and the show! It was a somewhat long trip down to Long Island as we had gotten caught up in bumper-to-bumper traffic for two hours near the Connecticut/New York border. But, the traffic let up a bit the closer we got to Freeport and our hotel.

After we checked in at our hotel, we took a bit of a rest and then went to the Imperial Diner for dinner. What a great restaurant that is! Good food and plenty of it. Excellent staff and a really clean building dressed in shiny metal and glass. We had two tables with one each for each car load of people.

Saturday morning found us heading out for the show with our models in hand. I brought my '62 Impala 409, the '62 Corvette, and my '64 GTO. After setting up my models, I ran into Andy Behrens and chatted with him for a few minutes. A great guy and a wonderful host! A couple of hours later, I found cards for my '62 Impala 409 and '62 Corvette requesting their appearance for photographs. I was excited about that!

Lunch time came and I went down to the cafeteria with some of my Club members. A hot dog, fries, and a Pepsi was served to me by some nasty woman with an attitude problem. I hope she got reported for her bad attitude especially when she refused to make a grilled cheese sandwich or a cheese burger without the burger! Always a bump in the road when you are out having a good time!

After looking through the many vendors at the hall, I found a model that I have been after since its debut. The Revell 1970 Dodge Charger R/T at \$21.00 and I also found a set of Pegasus 'Shuey's' wheels and tires at \$8.00. The vendor told me that he is trying to convince Pegasus to make a 23" version of these wheels! Those would make a great set of 'big-n-littles'. A little paint detailing and they would look fantastic!

The awards were handed out a little at 3:00 PM. Our Club members won several awards for their excellent models. I didn't win anything which is ok for me since I had no expectations when I came to this show. With the awards all handed out, we packed up and went back to the hotel to relax and then we head back to the Imperial Diner for dinner and then to Dunkin's for coffee. During dinner Paul Anagnostopoulos and I toasted the trip since we were the only beer drinkers out of the group.

Sunday morning we packed up for the return home which included the Imperial Diner for breakfast and a stop at the Spare Time Shop in Marlborough, MA on the way home. A short stop for a frozen yogurt break and then homeward bound. We arrived home safe and sound and another Road Warrior trip was in the books. If I can find the extra cash for next year, I may go to this show again!

Thanks for listening. Mike

'57 Ford Fairlane photos

By Dick Freeman

While sorting through my belongings in preparation to move to a new location across town, I found these photos of a 1957 Ford Fairlane four-door that I had photographed about 15 years ago as it was parked alongside the Danforth Art Museum in Framingham MA. My hope is that they will serve somebody as good reference material for a future build. Thanks and best wishes. Dick

Classic Plastic Model Club good friend Terry Champion of Port Chester, NY, once again donated four sealed kits as well as literature to the club (see photo at the right).

Many thanks, Terry!

Our Annual Christmas Party

by Club Treasurer Art Paquin

Our 2017 club Christmas party, held at Lenzi's Tavern function hall in Dracut MA, was another success as 44 members/spouses attended and much fun was had by all. The food was excellent, the drinks plentiful and you can bet we'll be returning there for our 2018 party.

The after-party was held down the street at the Heavenly Donuts shop and even more fun was had. I'll let the pictures tell the story.

Thanks all for attending!
Art

Meeting Minutes

November and December 2017

by Club Secretary Barry Fadden

November 2017: We had 29 members attend the meeting

Club Business discussed at this meeting:

- Our club Christmas Party will be held at the same place as last year, Lenzi's, on December 16, 2017. Bring your appetites as the food last year was very good and there was plenty of it. The Lasagna even had MEAT in it!!!! LOL
- Our regular club meeting, usually held the day of the Christmas Party, will be held on Dec. 2nd at the Lowell VFW and will be conducted as a normal meeting. One change will be that the club Christmas swap will be held at the meeting on the 2nd instead of at the Christmas Party as we normally do.
- Our members reported that after talking with members of other clubs and reading Facebook comments that there seemed to be no 'bad things' reported about our show in October. We had a good turnout with over 300 models entered and made a little more than last year even though entries were down a bit from last year. Thanks to ALL who helped to make this another successful show. Way to go 'boys and girls'!!!!!!
- Joe reported that we have, as of this meeting, 103 sealed kits, 16 open kits and 4 misc. kits in our club inventory. These kits will be used for the raffle at our next show and for the raffles at the club meetings.
- It was decided by Paul Anagnostopoulos, this years 'Club Project winner that the subject for next years project will be STREET RODS. This is any 1948 and older car *WITH* modifications. Factory Stock or Muscle cars will not be eligible. Entries can be in ANY SCALE.

Raffle Winners:

Mike Freitas	Revell '59 Chevy Impala Hardtop
Paul A.	Revell '76 Ford Gran Torino
Mike Siesicki	Revell '69 Dodge Super-bee
Del Paone	Revell '71 Plymouth 'Hemi Cuda'
Donny Lewis	Lindberg Ford F150 Flareside 4x4 P.U.

Show-N-Tell:

Guil Rosa - '54 Hudson Hornet Club Coupe by Moebius, a very nice kit, very few assembly problems, engine bay has been detailed

Guil Rosa - #97 Irwin Tools Stock Car by Revell, work in progress, working on the chassis mods, plan is to add lots of detail to it

Frank Moore - Krupp KWK44 128MM Anti-Tank Gun in 1/72nd scale, scratch built model that depicts a super heavy anti tank gun used by Germany during WW2, figures by ESCI, built mostly from pieces scrounged from my parts boxes

Frank Moore - M24 Light Tank in 1/87th scale by Roco Mini Tanks, a conversion using the Roco Mini Tanks M41 light tank with a lot of chopping and repositioning to convert the base model, cheese cloth camo net, paints by Tamiya and Testors

Frank Moore - M19 Twin 40MM anti-aircraft tank conversion in 1/87th scale by Roco Mini Tanks, another chop shop project using a Roco Mini Tank, 1942 'Duster' was the basis for the conversion, paints by Tamiya and Testors

Frank Moore - US Airborne Ranger figures in 1/35th scale by Dragon, excellent detailing except for hands and represent

modern US Army personnel, four color camo uniforms, paints are Tamiya and Testors

Frank Moore - M48A2C Medium Tank in 1/35th scale by Monogram, an oldie but goodie by Monogram, model depicted an Israeli M48 used during '67 war with Egypt and Syria, paints by Tamiya and Testors, kit decals used

Frank Moore - LVT-4 in 1/35th scale by Italeri, figures also by Italeri, a glue bomb rescue bought at a flea market, a lot of clean up was needed with this project, papier-mâché sand bags were used to cover up damage that could not easily be repaired, paints are Tamiya and Testors, kit decals used

Frank Moore - Israeli M151N2 Jeep in 1/35th scale by Academy, built almost out-of-the-box with only several 'extras' and figures being added, assembly was practically trouble free, this is an excellent kit, Testors and Tamiya paints, kit decals used

Frank Moore - Volkswagen Jeep in 1/35th scale by Tamiya, model depicts a German vehicle captured by US troops, another excellent kit, trouble free assembly, doors may be positioned open or closed, overall excellent detail! Testors and Tamiya paints, kit decals used

Del Paone - Dodge Econoline Twin Engine Wheelstander, began with an old previously started Touch Tone Terror kit, only using the body and floor platform from the kit, gutted the platform, added two big block Hemi engines (not yet finished), still have to scratch build the frame, suspensions, interior, etc.

Bart Navarro - '56 Chevy Belair by Revell, painted Duplicolor Dark Blue and White, plug wires added

Bart Navarro - '64 Ford Galaxie 500 by AMT, curb side build, Duplicolor Metallic Blue and Clear, Bare Metal Foil on trim

Scott Ridley - Porsche 956 in 1/18th scale by Paul's Model Art, converting from twin turbos to I.M.S.A. single turbo, filled exhaust, fabricated rear scoop, resin wheels, Patio's Place decals

Scott Ridley - Porsche 934 in 1/43rd scale, made roll cage, modified mirrors

Mike Siesicki - Chip Foose Ford FD-100 by Revell, to be painted Testors Deja Blue One-Coat Lacquer, revising the front and rear suspensions to improve accuracy

Mike Siesicki - '69 Plymouth Road Runner by AMT, converting a '69 GTX into a Road Runner, removed side trim moldings and scripts, parts box big block 383 added, Magnum 500 wheels and Goodyear white lettered tires, Tamiya TS-20 Metallic Green with black interior finishes it off

Dick Freeman - 'The Brown Walrus' watercolor sketch, nearly frontal view (loose expression version) of a '50 Packard Touring Sedan

Dick Freeman - 'The Yellow Walrus' watercolor sketch outline drawing, 3/4 frontal view of a '50 Packard Touring Sedan

Show-N-Tell Photos for November

December 2017: We had 27 members attend the meeting
Club Business discussed at this meeting:

- Joe Baril reported that we have, as of this meeting, 103 sealed kits, 16 open kits and 6 misc. as of this meeting. If you have any sealed or open (but complete) kits you would like to donate, please bring them to a meeting and see that Joe Baril knows they are for the club inventory.
- Please remember in your thoughts and prayers the welfare of our club members that are having some health issues. I know it will be appreciated.
- Moto and Deb Maguire just MAY have a new puppy soon, and we will have a new club mascot. We all know there will never be another 'Otie', but I know we'll welcome a new 'little guy'. We're all hoping for the best for you guys.
- Sponsorship for trophy packages and payment of 'club dues' will commence in January 2018 so keep that in mind. See Art for dues payment and Del for trophy packages. Dues are \$30.00/year and trophy packages are \$35.00 each.
- Barbara and Ken Denza attended the model show in Fulton N.Y. in November and reported that the show was a good one as usual but the model count was down this year in comparison to previous years, even though the weather was better this year. It was forecasted to be quite 'nasty' but wasn't so maybe that contributed to the lower count. They did the club proud as usual and took their share of the awards.

December 2017 meeting minutes continue on page 8

December Show-N-Tell Photos

December 2017 meeting minutes continue from page 7

- A group of us attended the L.I.A.R.S. Show in November on Veterans Day weekend and had our usual good time. Seven of us went down on Friday and came home on Sunday and Barb and Ken Denza went down and back on Saturday. Looking forward to next years show already.

Raffle Winners:

- | | |
|--------------|--------------------------------|
| Guil Rosa | Monogram Chaparral Coupe |
| John Davison | Revell '68 Firebird 400 |
| Barb Denza | Revell Dodge Avenger Funny Car |
| Bill Murphy | Revell '48 Ford 'Woody' Wagon |
| Bob Jeffers | AMT '68 Chevy 'El Camino' |
| Mike Luzzi | AMT '53 Ford F100 Pick-Up |

Show-N-Tell:

Mike Siesicki – Chip Foose Ford FD-100 by Revell, painted Testors Deja Blue One-Coat Lacquer, wet-sanded in preparation for another coat of paint, engine and interior completed and installed into completed chassis, revised the front and rear suspensions to improve accuracy.

Mike Siesicki - '69 Plymouth Road Runner by AMT, converting a '69 GTX into a Road Runner, removed side trim moldings and scripts, parts box big block 383 added, T-handle shifter, tachometer and auxiliary gauges, Magnum 500 wheels and Goodyear white lettered tires, Tamiya TS-20 Metallic Green with black interior finishes it off

Del Paone - Dodge Econoline Twin Engine Wheelstander, began with an old previously started Touch Tone Terror kit, chopped off the top, made new dash, scratch built entire frame, new heavy duty rear end with four link, altered '41 Willys front suspension with scratch built coil over shocks, using Bob Dudek aluminum wheels made for '41 Willys, starting to work on roll cage and seat

Barry Fadden - '39 Ford Convertible Sedan (resin kit by All America Models), frame and front suspension from AMT Ford Courier pickup, rear end from Revell '32 Ford Coupe, 428 engine from AMT '69 Cougar, parts box wheels and Model Haus resin tires, paint is Tamiya Metallic Blue and Racing White

Luis Sanchez - '69 Nova painted a combination of Candy Dirt Track and Metallic Brown

Luis Sanchez - '37 Ford pickup painted both Metallic and Candy Blue

Bart Navarro - '50 Ford Convertible by AMT (Millennium 2000 kit), minor customizing of front grille, detailed the engine and dash, Tamiya Flat Red interior and Testors Black enamel exterior

Scott Ridley - Starter IMSA Thunderbird in 1/43rd scale, lowered stance by grinding out the inner wheel wells, scratch built roll cage, shifter and fuel inlet, added fuel bottle and computer

Dick Freeman - 'The Magenta Walrus' watercolor sketch outline drawing, 3/4 rear view of a '50 Packard Touring Sedan

Reminder: It's time to renew your club membership!
 Please see Art Paquin to renew your club membership. We're still only \$30 per year; you get this quarterly newsletter plus all the fun associated with our hobby!
